

Upcycling marketplace

Place: Menges, SI

Date: 20-12-2023

Budget: donations

Mode: F2F and than it goes online as well

Target group: F2F: local community Online: anybody interested in upcycling

Collaboration: We have defined the stakeholders to involve: F2F: municipality as the owner of the venue, local NGOs on waste management, disadvantaged groups, SMEs to donate Online: any organisation from EU having experience to implement this kind of marketplace

Goals: To develop an upcycling marketplace physically for the local community and digitally for widening the involved community.

Resources: We are using 2 different strategies: F2F - Local SME involvement to support with materials and donate the implementation Online: Students and tech companies to develop and run the online marketplace

Dissemination: We plan to use hubs and running initiatives on the one hand and running platforms from EU on the other
